

Peak Services delivers deep expertise in the local government sector. We understand the business of councils. Challenge us.

UNDERSTANDING LOCAL GOVERNMENT FINANCE – 1 day

AUDIENCE

This course is suited to team leaders, supervisors and managers who need to improve their understanding of Local Government finance.

Commencing with an overview of the legislative requirements for accounting and finance, this course will then consider the budget process and the three major financial statements, ie Financial Position, Comprehensive Income and Cash Flows. Finally, financial performance will be considered with the introduction of financial ratio analysis techniques and consideration of council financial data.

SYNOPSIS

- overview of local government finance legislative requirements
- the budget process
- review of three major financial statements
- financial position
- comprehensive income
- cash flows
- financial performance and ratio analysis techniques
- council financial data

LEARNING OUTCOMES

Participants will gain increased knowledge, skills and understanding of the Queensland local government finances.

This program will help attendees raise their awareness and understanding of financial concepts and procedures as well as the use of this understanding to solve financial problems.
