COURSE DETAILS

Delivery	<p>This course is presented in line with adult learning principles and involves an integrated approach to training incorporating electronic and direct delivery strategies. There is a balanced content of theory and class participation through open discussion and practical application of skills during workshops.</p> <p>Competency will be assessed by completion of a written exam and either a simulated or practical confined space entry.</p>
Duration and Location	<p>Our standard structure for this workshop is 2 hours but can be extended to a full day course based on the optional topics required.</p>
Fees and Inclusions	<p>Please contact Peak Services for course fees or a proposal for onsite/in-house training.</p>
